Description:

Core Dental Bayside - Coming June 2026 - Dentist Bentleigh Core Dental is excited to announce the upcoming opening of Core Dental Bayside, our newest practice located at 973 Nepean Highway, Bentlei...

Details:

Core Dental is excited to announce the upcoming opening of Core Dental Bayside, our newest practice located at 973 Nepean Highway, Bentleigh VIC 3204. Situated on the prominent corner of South Road and Nepean Highway, Core Dental Bayside is set to open in June 2026 - bringing accessible, high-quality dental care to the Bayside corridor.

A New Home for Dental Care in Bentleigh

The Bayside/Bentleigh/Brighton corridor has long been underserved when it comes to comprehensive, accessible dental care. Core Dental Bayside fills that geographic gap, bringing the full Core Dental experience - Your Local Dental Practice - to one of Melbourne's most sought-after residential areas.

The new practice will feature five purpose-built surgeries, opening initially with three fully equipped treatment chairs. Whether you need a routine check-up and clean, a smile makeover, orthodontic treatment, or anything in between, Core Dental Bayside will be equipped to serve the whole family.

Convenient Location with Easy Parking

Finding a dental practice you can actually get to easily matters. Core Dental Bayside is located on one of Melbourne's busiest arterial roads, making it simple to visit before or after work, during a lunch break, or on a Saturday morning.

The practice offers eight dedicated ground floor parking spaces exclusively for patients - no circling the block or paying for street parking. For patients coming by public transport, the Nepean Highway corridor is well-served by tram and bus connections.

Address: 973 Nepean Highway, Bentleigh VIC 3204 (corner of South Road and Nepean Highway)

Opening Hours

Core Dental Bayside will operate with extended hours to suit busy schedules:

- Monday to Friday: 8:00am - 6:00pm - Saturday: 8:30am - 1:30pm

These hours are designed to make dental care genuinely convenient - early starts, late finishes, and Saturday appointments mean there is always a time that works for you.

Meet the Team

Core Dental Bayside will be led by Dr Andres Aguirre, an experienced and highly regarded dentist committed to delivering exceptional patient outcomes. Dr Aguirre brings both clinical skill and a warm

chairside manner, making him an ideal lead for a community-focused practice.

An orthodontic specialist will also join the Bayside team, ensuring that patients requiring braces, Invisalign, or other orthodontic treatments can access specialist care close to home. As Core Dental's leading Invisalign Blue Diamond provider, orthodontic excellence is a cornerstone of what we offer.

More team announcements will be made as we approach our June 2026 opening - stay tuned.

What to Expect at Core Dental Bayside

Core Dental Bayside will offer the full range of services that Core Dental is known for across Melbourne:

- General dentistry - check-ups, cleans, fillings, extractions - Cosmetic dentistry - teeth whitening, veneers, composite bonding - Orthodontics - Invisalign and braces - Restorative dentistry - crowns, bridges, dental implants - Children's dentistry - including CDBS bulk billing for eligible patients - Emergency dental appointments - Preventive care and oral health education

All locations accept HICAPS for on-the-spot private health insurance claiming. Flexible payment options are available through Payright interest-free plans, making it easier to access the care you need.
