The Most Technologically Advanced Core Dental Location

Core Dental Caroline Springs is located at CS Square shopping precinct in the heart of Caroline Springs - one of Melbourne's fastest-growing and most multicultural suburbs. This practice is the most technologically advanced suburban Core Dental location, home to a suite of cutting-edge diagnostic and treatment technologies that allow for more accurate diagnoses, more predictable treatment planning, and superior clinical outcomes.

Caroline Springs is consistently one of the highest-demand practices in the group, reflecting both the rapid growth of western Melbourne's population and the strong community trust the practice has built since opening. Free on-site parking behind the practice makes every visit easy.

Getting There

By Car: Free parking is available behind the practice. Street parking is also available nearby. The practice is adjacent to CS Square shopping centre.

By Public Transport: Bus services connect Caroline Springs to regional train lines. Check PTV for current routes and timetables.

Our Caroline Springs Team

Caroline Springs has the largest clinical team in the Core Dental group, including on-site specialists in orthodontics and paediatric dentistry. All clinicians hold AHPRA registration and are members of the Australian Dental Association.

Specialists On-Site

****Dr David Austin**** - BDS (Melbourne), MDS Orth (University of Hong Kong), MOrth RCS (Edinburgh) - Specialist Orthodontist Dr Austin undertook his specialist orthodontic training in Hong Kong and Shanghai, and is a Member of the Royal College of Surgeons Edinburgh (Orthodontics). Advanced Technology at Caroline Springs

Caroline Springs is home to the most advanced technology suite in the Core Dental network:

****3D CBCT Imaging**** - Cone beam computed tomography provides a three-dimensional view of teeth, jaws, and surrounding structures. This is the only suburban Core Dental location with CBCT technology, enabling more precise implant planning, orthodontic assessment, and diagnosis of complex conditions.

****CEREC Same-Day Crown Milling**** - Crowns designed, fabricated, and fitted in one appointment.

****iTero Intraoral Scanner**** - Digital impressions with no messy physical moulds.

****Digital Smile Design Software**** - Patients can preview their new smile digitally before any tooth preparation takes place.

****Zoom! Whitening**** - Professional in-chair whitening system.

****Digital X-rays and Intraoral Cameras**** - Standard at all locations.

Payment and Health Funds

- HICAPS on-site - all major health funds accepted - Payright interest-free payment plans up to 30 months - No-gap check-up and clean for eligible new patients with private health cover - Child Dental Benefits Schedule (bulk billing for eligible children 2-17) - Free on-site parking

About Core Dental Group

Core Dental Caroline Springs is part of Core Dental Group - Your Local Dental Practice. The group operates seven locations across Melbourne (expanding to nine mid-2026), with over 300,000 patients and a commitment to Affordability, Ambience, and Availability. Core Dental holds Invisalign Blue Diamond Status - the highest tier in Australia. Core Dental is part of the Smile Solutions Group.

****Book online at coredental.com.au or call 13 13 16**** ## Why Caroline Springs Is Core Dental's Most Technologically Advanced Location

Core Dental Caroline Springs combines the most multilingual team in the group with the most advanced technology available at any suburban Core Dental practice.

****CBCT 3D Imaging**** - The only Core Dental suburban location with cone beam CT (CBCT) 3D imaging technology. This enables precise implant planning, orthodontic analysis, and complex oral surgery assessment - capabilities usually only available in specialist centres or hospitals.

****Digital Smile Design**** - See your future smile before any treatment begins. Our smile preview software creates a digital simulation of your proposed smile makeover, composite bonding, or veneers result. You approve the look before we touch a tooth.

****Most Multilingual Location**** - Arabic (Dr Sherin Gad), Bengali (Dr Anika Moyeed), and Farsi (Dr Shakiba Askary) are spoken alongside English, making Caroline Springs the most accessible Core Dental location for Melbourne's western multicultural communities.

****Specialist Orthodontist On-Site**** - Dr David Austin (MDS Orth, MOrth RCS Edinburgh) provides specialist orthodontic care including Invisalign Teen with compliance indicators.

****Specialist Paediatric Dentist On-Site**** - Dr Angel Babu (DClinDent Paediatric Dentistry, University of Otago; former Senior Dental Registrar, Royal Children's Hospital Melbourne) provides specialist children's dental care including GA and sedation.

****Free Parking**** - Parking is free behind the practice, and the practice is adjacent to CS Square shopping centre.

****Sleep Dentistry and IV Sedation**** - Available at Caroline Springs for patients with dental anxiety.

****All-on-4 Implants**** - One of only two Core Dental locations confirmed for All-on-4 full arch implant procedures.

Google Reviews

Core Dental Caroline Springs has earned ****217 Google reviews****, with particular praise for Dr Sherin Gad's calm and compassionate approach, the multilingual team, and the quality of orthodontic and cosmetic outcomes.

Frequently Asked Questions - Core Dental Caroline Springs

****What makes Caroline Springs different from other Core Dental locations?*** Caroline Springs has the most advanced technology in the group (CBCT 3D imaging, digital smile design), the most multilingual team (Arabic, Bengali, Farsi), and the broadest specialist access (orthodontist, paediatric dentist, CBCT-guided implant planning). It is the flagship technology location for the group.

****Can I see my smile before treatment starts?*** Yes - our digital smile design software lets you preview your proposed cosmetic outcome before any tooth preparation takes place. This applies to veneers, composite bonding, whitening, and smile makeovers. Simply ask for a smile preview consultation.

****What is the CBCT scanner used for?*** CBCT (cone beam computed tomography) provides a 3D view of your teeth, jawbone, sinuses, and nerve pathways. It is used for precise implant planning, identifying hidden infections, complex orthodontic assessment, and planning surgical extractions. Having this technology in-practice avoids the need for referral to a radiology centre.

****Is parking free at Caroline Springs?*** Yes - free parking is available directly behind the practice. The practice is also accessible from CS Square shopping centre.

****Does Caroline Springs offer Invisalign Teen?*** Yes - Invisalign Teen is available at Caroline Springs with specialist orthodontist Dr David Austin. Teen aligners include compliance indicators (coloured dots that fade with wear) and spare aligners. Call (03) 9363 7888 to book a free consultation.

--- ## Specialist Referrals - Collins Street Specialist Centre

As part of the Smile Solutions Group, Core Dental Caroline Springs patients requiring specialist care are referred to the Collins Street Specialist Centre at 220 Collins Street, Melbourne CBD, where more

than 20 board-registered dental specialists provide advanced treatment. Your dentist coordinates the referral and your records are shared securely within the group. Phone: (03) 9650 2726.
