## Melbourne's West Gets Specialist Dental Care

Core Dental Wyndham is located on Hoppers Lane in Werribee, near Pacific Werribee Shopping Centre - at the heart of Melbourne's rapidly growing western corridor. This practice serves the communities of Werribee, Hoppers Crossing, Point Cook, Wyndham Vale, and surrounding areas.

What makes Core Dental Wyndham exceptional is its specialist depth. It is the only Core Dental location with a specialist periodontist (gum specialist) on-site, and it also has a specialist orthodontist available - making it the most specialist-rich suburban Core Dental location. Patients in Melbourne's west no longer need to travel to the CBD for specialist-level dental care.

On-site parking is available, and the practice is a preferred provider for HCF, CBHS, and NIB health funds - meaning eligible members may receive higher rebates with no or reduced out-of-pocket costs on many treatments.

---

## Getting There

\*\*By Car:\*\* On-site parking is available at the practice.

\*\*Near Pacific Werribee:\*\* The practice is located near Pacific Werribee Shopping Centre, easily accessible from major western Melbourne arterial roads.

\*\*By Public Transport:\*\* Bus routes serve the Werribee and Hoppers Crossing area. Check PTV for current timetables.

## ## Specialist Periodontics at Wyndham

Core Dental Wyndham is the only Core Dental location with a specialist periodontist on-site. Dr Nupur Kataria provides the full spectrum of specialist gum care that patients in Melbourne's west would previously have needed to travel to the CBD to access.

Periodontal (gum) disease is one of the most common dental conditions affecting adults, and untreated gum disease is linked to serious systemic health conditions including cardiovascular disease, diabetes complications, and adverse pregnancy outcomes. Early and specialist-level treatment makes a significant difference to long-term outcomes.

If you have been told you need to see a gum specialist, or if you have symptoms like bleeding gums, receding gums, loose teeth, or persistent bad breath, Dr Kataria at Wyndham can provide a specialist assessment without the need to travel to the CBD.
