Details:

Core Dental Glenferrie is opening in June 2026 at 827 Glenferrie Rd, Hawthorn VIC 3122 - Core Dental Group's first eastern suburbs practice. Residents of Hawthorn, Kew, Camberwell, Richmond and the inner east will soon have access to quality preventive dental care right on their doorstep.

Why Regular Check-ups Matter

Most dental problems - decay, gum disease, oral cancer - develop silently, with no pain or obvious signs until they are well advanced. A professional check-up every 6 months allows your dentist to detect and address issues while they are small, saving you time, discomfort, and cost.

A clean and scale by a dental professional removes the hardened plaque (calculus) that brushing and flossing cannot dislodge, protecting your gums and preventing bone loss.

What Is Included in a Check-up and Clean at Core Dental Glenferrie?

- **Full mouth examination** - teeth, gums, soft tissues, bite, jaw joint - **Oral cancer screening** - examining all oral tissues for suspicious changes - **Digital X-rays** - low-radiation imaging to detect decay, bone changes, and issues not visible clinically - **Intraoral photographs** - documenting your dental health and tracking changes over time - **Professional scale and clean** - removing plaque and calculus above and below the gumline - **Polish** - smooth, clean tooth surfaces that resist plaque build-up - **Fluoride treatment** - strengthening enamel and protecting against decay - **Oral hygiene advice** - personalised guidance based on your specific needs

No-Gap Check-up for Eligible New Patients

New patients with eligible private health insurance may qualify for a no-gap check-up and clean - the complete initial appointment with no out-of-pocket cost. Ask our team when you call or book online.

Frequently Asked Questions

****How often should I have a dental check-up?*** The Australian Dental Association recommends a professional check-up and clean every 6 months for most adults and children. Some patients with higher decay or gum disease risk may benefit from more frequent visits - your dentist will advise what is right for you.

****What is included in a no-gap check-up?*** Eligible new patients with private health insurance can receive a no-gap comprehensive check-up including examination (011), X-rays (022), OPG panoramic X-ray, intraoral photos, oral cancer screening, occlusal analysis, and a scale and clean (114) - all with no out-of-pocket cost. Note: this offer cannot be combined with other promotions.

****Do you bulk bill children?*** Yes - Core Dental accepts the Child Dental Benefits Schedule (CDBS), which provides up to \$1,026 in government-funded dental treatment for eligible children aged 2 to 17. This covers check-ups, X-rays, cleaning, fillings, extractions, and root canals. Check eligibility via MyGov (Medicare).

****Can I book for my whole family in one visit?*** Yes - we encourage family appointment blocks. This is especially convenient for busy parents who want to bring their children at the same time. Call 13 13 16 to arrange back-to-back family appointments.
