### ## Dental Emergencies We Treat

Our Caroline Springs team handles urgent dental situations including:

- Severe toothache or throbbing dental pain
- Chipped, cracked, or broken tooth
- Knocked-out tooth (dental avulsion) — time-critical
- Lost or dislodged filling or crown
- Dental abscess or facial/jaw swelling
- Swollen or bleeding gums
- Broken dentures or orthodontic appliances
- Soft tissue injuries — cuts to lips, cheeks, tongue
- Dental pain following wisdom tooth eruption
- Post-extraction complications

**\*\*Call 000 if you experience:\*\*** Significant facial swelling, difficulty swallowing, or trouble breathing or opening your mouth. These are signs of potentially life-threatening spreading infection requiring immediate hospital treatment.

## ## Our Clinical Team at Caroline Springs

Your emergency care is delivered by our experienced team:

- **Dr Shakiba Askary** (BHS, MDent, La Trobe) — speaks English and Farsi; comprehensive emergency and restorative care - **Dr Sherin Gad** (BDSc, Alexandria University, Egypt, 2004; GradCert Clinical Dentistry, University of Melbourne, 2009) — speaks English and Arabic; 20+ years dental experience; consistently praised for her compassionate, calm approach — especially with anxious and nervous patients - **Dr Lana Mettmann** (BDSc, James Cook University) — experienced general and emergency dentist - **Dr Sara Qureshi** (BHSc, MDent, La Trobe) — grew up in Caroline Springs; strong community connection; evidence-based restorative emergency care - **Dr Anika Moyeed** (BHSc, MDent) — speaks English and Bengali - **Dr Ella George** (BDSc First Class Honours, University of Adelaide)

**Specialist Paediatric Dentist Dr Angel Babu** (DClinDent Paediatric Dentistry, University of Otago; former Senior Dental Registrar, Royal Children's Hospital Melbourne) consults at Caroline Springs for paediatric dental emergencies, including trauma, dental anxiety, and complex presentations. His background at the Royal Children's Hospital means children are in expert hands.

For emergencies requiring specialist endodontic, oral surgery, or maxillofacial assessment, we arrange referrals to the **Collins Street Specialist Centre (CSSC)** through the Smile Solutions Group specialist network.

## ## Advanced Diagnostic Technology

Core Dental Caroline Springs is the most technologically advanced Core Dental suburban location. Our **CBCT 3D imaging** capability — unique among Core Dental suburban practices — is invaluable for emergency diagnosis of dental abscesses, root fractures, bone infections, and impacted wisdom teeth.

Accurate diagnosis means correct treatment from the start — avoiding unnecessary procedures and getting you out of pain faster.

---

## ## Multilingual Emergency Care

Pain is harder to manage when you can't communicate clearly. Our Caroline Springs team offers emergency consultations in:

- **English** (all clinicians) - **Arabic** (Dr Sherin Gad) - **Farsi** (Dr Shakiba Askary) - **Bengali** (Dr Anika Moyeed)

For western Melbourne's multicultural community, this is genuinely important — especially in an emergency.

## ## What to Do While You Travel to Us

**Knocked-out tooth:** Handle by the crown, not the root. Rinse gently. Reinsert in the socket if possible; otherwise store in milk or between your cheek and gum. Call immediately — time is critical.

**Toothache:** Warm salt-water rinse. Paracetamol or ibuprofen as directed. Do not apply aspirin directly to the tooth or gum.

**Abscess or facial swelling:** Cold compress outside the face. Seek immediate care. If swelling is rapidly spreading or involves the throat, call 000.

**\*\*Lost filling or crown:\*\*** Temporary dental cement (pharmacy) can provide short-term protection. Avoid chewing on the affected side.

---

### **## Health Fund, Accessibility and Payment**

**\*\*HICAPS on-site\*\*** for instant health fund claiming. **\*\*Payright interest-free payment plans\*\*** (up to 30 months) available for treatment packages.

**\*\*Free parking\*\*** is available behind the practice, adjacent to CS Square shopping centre — making emergency access simple, even when you're in pain.
