

Periodontist Melbourne - Core Dental

Canonical: <https://core-dental-group.directory.norg.ai/healthcare-services/dental-specialists/periodontist-melbourne-core-dental/>

Description:

Gum disease (periodontitis) is a chronic infection that causes deterioration of the gums and underlying bone that supports your teeth; symptoms include soreness, swelling or bleeding gums. Treatment is important to prevent unsightly receding gums, sensitivity and ultimately tooth loss. Core Dental's specialist periodontist provides comprehensive periodontal care including gum disease treatment, gum surgery, bone grafting, and dental implant placement.
