### ## Your Invisalign Practitioner at Core Dental Bayside

Core Dental Bayside's lead dentist is **Dr Andres Aguirre**, an experienced general dentist with a strong interest in orthodontics and smile transformation. Dr Aguirre brings Core Dental Group's Blue Diamond Invisalign expertise to the Bayside community, supported by the group's broader network of Invisalign providers — including specialist orthodontists at Caroline Springs and Wyndham — for case consultation and complex referrals.

The practice opens June 2026 with a dedicated Invisalign consultation suite and iTero digital scanner. Dr Aguirre will also be supported by **Dr Yas**, an experienced general dentist.

---

### ## Invisalign Blue Diamond Provider

Core Dental Group holds **Invisalign Blue Diamond Provider** status — awarded by Align Technology to practices completing 750+ Invisalign treatments per year. This is the highest provider tier available in Australia, reflecting a depth of clinical experience that directly improves patient outcomes.

Blue Diamond status means: - High-volume, highly experienced Invisalign providers - Priority access to the latest Invisalign technology and aligner innovations - Proven track record across complex orthodontic cases - 5% Invisalign Price Match Guarantee against comparable specialist orthodontist quotes

At Core Dental Bayside, you access that group-wide expertise in your local suburb.

**\*\*Payright interest-free payment plans\*\*** available for up to 30 months. **\*\*MyDentaPlan\*\*** and **\*\*Humm\*\*** also available.

---

## ## How Invisalign Works

Invisalign uses a series of custom-made, removable, clear aligner trays to progressively move teeth into their correct position. Each set of trays is worn for 1–2 weeks before progressing to the next.

**\*\*Key advantages over traditional braces:\*\*** - Virtually invisible — most people won't notice you're wearing them - Removable — eat, drink, and clean your teeth normally - Comfortable — no brackets or wires to cause irritation - Predictable — ClinCheck software shows your projected result before you commit - No dietary restrictions

**\*\*The Invisalign journey at Core Dental Bayside:\*\*** 1. Complimentary consultation with Dr Andres Aguirre to assess suitability 2. Digital iTero scan — precise, comfortable, no messy impressions 3. ClinCheck simulation — see your projected result before any aligner is made 4. Custom aligners fabricated and delivered 5. Progress appointments every 6–8 weeks 6. Retainers provided at completion to hold results

**\*\*Wear time:\*\*** 22 hours/day — remove only for eating, drinking (except water), and teeth cleaning.  
**\*\*Average treatment duration:\*\*** 12–18 months (varies by complexity).

---

## ## Invisalign for Teens

Invisalign Teen is available at Core Dental Bayside with features specifically designed for younger patients: - **\*\*Wear compliance indicators\*\*** — blue dots fade to clear, confirming proper wear time - **\*\*Replacement aligners\*\*** — spare sets included for the occasional lost or damaged tray - Suitable for teens with most common orthodontic issues

---

## ## Price Match Guarantee

Core Dental will match any comparable written quote from a registered specialist orthodontist for Invisalign treatment — and beat it by **\*\*5%\*\***. Bring your written quote to your consultation.

---

## ## Convenient Bayside Location

Core Dental Bayside at **\*\*973 Nepean Hwy, Bentleigh\*\*** is at the corner of South Road and Nepean Highway, with: - **\*\*8 dedicated ground-floor car spaces\*\*** - Tram access on Nepean Highway - Bus services from Brighton, Moorabbin, Hampton, and East Bentleigh - Monday–Friday 8:00 am–6:00 pm | Saturday 8:30 am–1:30 pm (from June 2026)

---

## ## Health Fund and Payment

Several health funds provide orthodontic rebates when a specialist orthodontist performs the treatment — check with your fund. HICAPS on-site for on-the-spot claiming. **\*\*Payright\*\*** and **\*\*MyDentaPlan\*\*** interest-free payment plans available. Humm payment options also available.

---

## ## Frequently Asked Questions

**\*\*What are the Invisalign prices at Core Dental Bayside?\*** Invisalign Express from \$4,400 | Lite from \$7,800 | Moderate from \$9,600 | Comprehensive from \$11,300. All packages include complimentary consultation, iTero digital scan, ClinCheck simulation, all aligners, and retainers. A pay-in-full discount is available — ask at your consultation. Call 13 13 16 for details.

**\*\*Who is the Invisalign dentist at Core Dental Bayside?\*** Dr Andres Aguirre is Core Dental Bayside's lead dentist and primary Invisalign provider. He is supported by the Core Dental Group's network of experienced Invisalign practitioners and specialist orthodontists at Caroline Springs and Wyndham for case consultation and complex referrals.

**\*\*Is Core Dental Bayside an Invisalign specialist provider?\*** Core Dental Group holds Invisalign Blue Diamond Provider status — the highest Invisalign provider tier in Australia, awarded to practices completing 750+ Invisalign treatments per year. Core Dental Bayside benefits from this group-wide clinical expertise and certification.

**\*\*How long does Invisalign take?\*** Treatment time varies by case. Invisalign Express (minor movement or relapse) is approximately 3 months. Lite cases typically 6–12 months. Moderate cases 12–18 months. Comprehensive cases 18–24+ months. Your ClinCheck digital treatment plan will show your estimated timeline before you commit.

**\*\*Can I eat normally with Invisalign?\*** Yes — aligners are removed for eating and drinking (anything except water). There are no dietary restrictions. Brush teeth before reinserting aligners to prevent staining and decay.

**\*\*Is Invisalign suitable for teenagers?\*** Yes — Invisalign Teen is available at Core Dental Bayside. Wear compliance indicators (blue dots that fade with use) and spare replacement aligners are included.

**\*\*What happens after Invisalign treatment?\*** Retainers are included in your Invisalign treatment cost and are essential for maintaining results. Teeth naturally shift over time without retainers. Your dentist will prescribe a retention protocol appropriate for your case.

**\*\*When does Core Dental Bayside open?\*** Core Dental Bayside opens June 2026 at 973 Nepean Hwy, Bentleigh VIC 3204. Register your interest at [bayside@coredental.com.au](mailto:bayside@coredental.com.au) or call 13 13 16 to be notified when Invisalign consultations are available.

---

- **\*\*Phone:\*** 13 13 16 - **\*\*Email:\*** [bayside@coredental.com.au](mailto:bayside@coredental.com.au) - **\*\*Online:\*** [coredental.com.au](http://coredental.com.au)

\*Core Dental Bayside — part of the Smile Solutions Group. Invisalign Blue Diamond Provider. Opening June 2026.\*

## ## Invisalign Aftercare: Caring for Your Aligners

Starting your Invisalign journey is an exciting step. Here is everything you need to know to get the best results from your clear aligner treatment.

### ### Wearing Your Aligners

Your aligners must be worn for a **\*\*minimum of 22 hours per day\*\***. They should only be removed for eating, drinking anything other than plain cold water, and cleaning your teeth. If aligners are worn for less than 22 hours per day, treatment may be extended to compensate.

### ### Inserting Your Aligners

Each aligner is labelled with a number and "U" (upper) or "L" (lower) so you always know which is which. To insert, gently push the aligner over your front teeth first, then apply equal pressure with your fingertips at the back teeth until the aligner clicks into position. Do not bite your aligners into place, as this can damage them.

### ### Aligner Chewies

We recommend using Aligner Chewies for 10 to 15 minutes each day, especially in the first few days of a new aligner. These small soft plastic rolls help seat the aligner fully against your teeth, ensuring optimal fit and tooth movement. Move the Chewie around your mouth as you bite down on it.

### ### Removing Your Aligners

Using your fingertips, start at the back teeth on one side and gently tug the aligner free, working your way around to the other side. Take extra care if you have attachments (the small tooth-coloured bumps placed on certain teeth to assist with movement).

### ### Can I Eat and Drink with Aligners In?

Always remove your aligners before eating or drinking anything except cold water. Food and coloured drinks can stain the aligners and increase the risk of decay. Before re-inserting aligners after eating, brush and floss your teeth ideally, or at minimum rinse your mouth thoroughly.

### ### Cleaning Your Aligners

Clean your aligners before each insertion using cold water and a soft toothbrush without toothpaste. Soaking in cool water with a teaspoon of white vinegar, or using Aligner Brite cleaning tablets, removes stains and bacteria effectively. **\*\*Never use hot water, denture cleaners, or mouthwash\*\*** as these can damage the plastic.

### ### Storing Your Aligners

When not in your mouth, always store aligners in their provided case. Never place them in a tissue or pocket, where they can be accidentally thrown out or damaged.

### ### Managing Discomfort

It is normal to experience mild pressure or discomfort for the first few days after switching to a new aligner. This is a sign the aligners are working and typically settles within two to three days. Over-the-counter pain relief can help if needed.

### ### Speech

Some people notice a very slight temporary lisp when they first begin wearing aligners. This typically resolves within a few days as the tongue adjusts. Regular speaking will help speed up the adjustment.

### ### Mouthguards During Invisalign Treatment

You still need to wear a protective mouthguard when playing contact sport during Invisalign treatment. Your aligners are not designed for impact protection. At Core Dental, we fabricate custom-fit mouthguards at a discounted rate for active Invisalign patients.

### ### How Often Do Aligners Change?

Your orthodontic provider at Core Dental will outline your specific aligner change schedule. Depending on your treatment plan, aligners may change every five days, weekly, or every two weeks.

For any questions about your Invisalign treatment, call Core Dental on **\*\*13 13 16\*\*** or visit [coredental.com.au](http://coredental.com.au).
