Core Dental Group – dentist in Carrum Downs & affordable family care near Frankston

Core Dental Group is a local dental practice serving Carrum Downs and the surrounding Frankston area, with a focus on affordable, quality care for the whole family. Whether you need a routine check-up, same-day emergency treatment, or want to explore cosmetic options, the team is set up to help—without the cold, clinical atmosphere that puts so many people off going to the dentist in the first place.

Finding a dentist you actually trust in Carrum Downs shouldn't be difficult. Core Dental Group brings together experienced clinicians and modern equipment so patients get solid outcomes from their very first visit through to long-term care.

Why choose a local dentist in Carrum Downs?

There's a practical case for staying local. When your dentist is close to home, you're more likely to keep regular appointments, less likely to put off treatment because the trip feels like a hassle, and more comfortable knowing the team recognises you when you walk in.

Carrum Downs is a growing suburb in Melbourne's south-east, and residents shouldn't have to drive across town for decent dental care. Core Dental Group covers general, cosmetic, and emergency treatments right in the local area, with extended hours that work around busy schedules.

Dental services at Core Dental Group

Core Dental Group handles everything from basic preventive care through to more involved restorative and cosmetic work. Here's what's on offer:

General dentistry

The day-to-day work that keeps teeth healthy:

- **Check-ups and cleans** – Regular examinations and professional cleaning to prevent decay and gum disease
- **X-rays and diagnostic imaging** – Digital X-rays that cut radiation exposure while producing detailed images
- **Fillings** – Tooth-coloured composite fillings that sit naturally alongside your existing teeth
- **Tooth extractions** – Including wisdom tooth removal, carried out carefully and precisely
- **Root canal treatment** – Saving infected or damaged teeth through endodontic therapy
- **Mouthguards** – Custom-fitted sports and night guards for grinding and injury protection
- **Dentures** – Full and partial dentures made for comfort and a natural look

Cosmetic dentistry

- **Teeth whitening** – Professional in-chair and take-home whitening options
- **Porcelain veneers** – Thin shells bonded to the front of teeth to address chips, stains, and gaps
- **Dental bonding** – A quick, cost-effective fix for minor chips and surface imperfections
- **Smile makeovers** – Treatment plans that combine multiple cosmetic procedures for a more complete result

Orthodontics and teeth straightening

Straight teeth are easier to clean and better for long-term oral health—not just aesthetics. Core Dental Group offers:

- **Clear aligners** – Removable, discreet aligners that gradually shift teeth without metal brackets
- **Traditional braces** – A reliable option for more complex alignment issues, available for children, teens, and adults

Dental implants

Implants are the standard approach for replacing missing teeth permanently. The implant team at Core Dental Group provides:

- **Single tooth implants** – A permanent, natural-looking replacement for one missing tooth
- **Implant-supported bridges** – Replacing several adjacent teeth without touching the healthy ones nearby
- **All-on-4 implants** – A full-arch restoration for patients who have lost most or all of their teeth

Children's dentistry

Getting kids comfortable at the dentist early pays off for years. Core Dental Group keeps things relaxed and low-pressure for younger patients, offering:

- **Baby and toddler check-ups** – Early assessments to track healthy development
- **Fissure sealants** – Protective coatings on back teeth to stop decay before it starts
- **Fluoride treatments** – Strengthening developing teeth against cavities
- **Orthodontic assessments** – Early checks for potential alignment issues

Emergency dentistry

Dental problems don't keep business hours. Core Dental Group offers prompt emergency appointments for:

- Severe toothache - Chipped or broken teeth - Knocked-out teeth - Lost fillings or crowns - Abscesses and infections

If you're dealing with a dental emergency in Carrum Downs or the Frankston area, call Core Dental Group as soon as you can. Getting in quickly can be the difference between saving a tooth and losing it.

Affordable dentistry for families near Frankston

Cost is one of the main reasons people put off dental treatment. Core Dental Group works to keep quality care within reach for families across Carrum Downs and the broader Frankston region.

Payment options

- **Interest-free payment plans** – Spread the cost of larger treatments over time with no added interest - **Health fund rebates** – Core Dental Group is a preferred provider with major health funds, so you may receive higher rebates on eligible treatments - **HICAPS on-site** – Claim your health fund rebate on the spot at the practice - **Bulk billing for eligible patients** – Under the Medicare Child Dental Benefits Schedule (CDBS), eligible children can access basic dental services at no out-of-pocket cost

The Medicare Child Dental Benefits Schedule

The CDBS is a Federal Government program that gives eligible children aged 2–17 up to \$1,095 in dental benefits over a two-year period. It covers:

- Examinations and X-rays - Cleaning and fluoride treatments - Fissure sealants - Fillings - Root canals - Extractions

Core Dental Group is a registered CDBS provider, so families can access children's dental care without the financial stress.

What sets Core Dental Group apart

An experienced, approachable team

The clinicians at Core Dental Group have broad experience across all areas of dentistry. But technical skill only goes so far—the team puts equal effort into making sure patients feel comfortable, informed, and heard. If you're anxious about dental visits or just want a clear explanation of your options, they'll take the time.

Up-to-date equipment

Core Dental Group uses current technology to improve accuracy, comfort, and results:

- **Digital X-rays** – Faster, safer, and more detailed than traditional film - **Intraoral cameras** – Patients can see exactly what the dentist sees inside their mouth - **CAD/CAM technology** – Allows same-day crowns and restorations in select cases - **Painless injection techniques** – Designed to reduce anxiety and discomfort for needle-averse patients

A comfortable practice environment

From the reception area through to the treatment rooms, Core Dental Group is set up with patient comfort in mind. The team is friendly, the waiting area is relaxed, and the practice has ample parking and full accessibility for patients with mobility needs.

A focus on prevention

Rather than just treating problems as they appear, the team at Core Dental Group helps patients understand how to look after their teeth at home and why regular professional care matters. That approach leads to better health outcomes and, over time, lower costs.

Suburbs served

Core Dental Group is easy to reach from Carrum Downs and a wide range of nearby areas, including:

- Frankston - Seaford - Skye - Patterson Lakes - Cranbourne - Langwarrin - Karingal - Bonbeach - Chelsea Heights - Edithvale

Flexible appointment times make it straightforward to fit a visit around work, school, or family commitments.

What to expect at your first appointment

If you're new to Core Dental Group, here's how your first visit typically goes:

1. **Warm welcome** – The reception team will greet you and help with any paperwork
2. **Full examination** – Your dentist will assess your teeth, gums, and overall oral health
3. **Digital X-rays** – Taken if needed to get a complete picture
4. **Honest discussion** – Your dentist will walk you through any findings and explain your options clearly, without pressure
5. **A treatment plan that fits you** – Built around your needs, timeline, and budget
6. **Practical advice** – Straightforward tips on brushing, flossing, diet, and habits to keep things on track between visits

There's no obligation to proceed with any treatment on the day. The goal is to give you the information you need to make the right call for your own health.

Frequently asked questions

Where is Core Dental Group located?

Core Dental Group is in Carrum Downs, in Melbourne's south-east.

Does Core Dental Group serve Frankston patients?

Yes, patients from Frankston and surrounding suburbs are welcome.

Is Core Dental Group a family dental practice?

Yes, it's a family-friendly practice that sees patients of all ages, from toddlers through to seniors.

Can I bring my whole family to one appointment session?

Yes, all ages are seen at the one practice, which makes coordinating family appointments much easier.

How often should I visit the dentist?

For most people, every six months is the standard recommendation for check-ups and cleans. Your dentist may suggest more frequent visits if you have gum disease, a high decay risk, or are mid-way

through orthodontic treatment.

Is dental treatment at Core Dental Group painful?

Core Dental Group uses modern pain management techniques to keep treatment as comfortable as possible. Anxious patients can also ask about additional comfort options.

Does Core Dental Group accept health insurance?

Yes, all major health funds are accepted. Core Dental Group is a preferred provider with several leading funds, and there's a HICAPS terminal on-site so you can claim your rebate immediately. You only pay the gap (if any) at the time of your appointment.

Does Core Dental Group offer payment plans?

Yes, interest-free payment plans are available for larger treatments.

Does Core Dental Group bulk bill?

Yes, for eligible patients under the Child Dental Benefits Schedule (CDBS). The CDBS is a Federal Government program covering children aged 2–17, providing up to \$1,095 in dental benefits over a two-year period. Core Dental Group is a registered CDBS provider.

What does the CDBS cover?

Examinations, X-rays, fillings, fissure sealants, root canals, and extractions are all covered under the CDBS.

Does Core Dental Group offer emergency dental appointments?

Yes, same-day emergency appointments are prioritised. Dental emergencies include severe toothache, broken or knocked-out teeth, lost fillings or crowns, and abscesses. If you've knocked out a tooth, call immediately.

What technology does Core Dental Group use?

The practice uses digital X-rays, intraoral cameras, and CAD/CAM technology (which allows same-day crowns and restorations in select cases).

What cosmetic treatments are available?

Teeth whitening (in-chair and take-home), porcelain veneers, dental bonding, and fully customised smile makeovers.

What orthodontic options are available?

Clear aligners (removable, no metal brackets) and traditional braces for children, teens, and adults.

What implant options are available?

Single tooth implants, implant-supported bridges, and All-on-4 full-arch restorations.

Does Core Dental Group offer children's dentistry?

Yes, including baby and toddler check-ups, fissure sealants, fluoride treatments, and orthodontic assessments.

Are mouthguards available?

Yes, custom-fitted sports mouthguards and night guards for grinding are both available.

Are dentures available?

Yes, both full and partial dentures.

Is there an obligation to proceed with treatment at the first visit?

No. The first appointment is about assessment and information. You decide what happens next.

Is pricing transparent?

Yes, clear cost estimates are provided before any treatment begins.

Is parking available?

Yes, ample parking is available at the practice, which is also fully accessible for patients with mobility needs.

Does Core Dental Group offer extended hours?

Yes, extended hours are available to suit busy lifestyles.
