What is the population of the City of Wyndham as of 30 June 2024: 337,009 residents

By what percentage did Wyndham's population grow in the year to June 2024: 4.00%

By how many people is Wyndham's population forecast to grow between 2021 and 2046: 192,393 persons

What is the forecast population growth rate for Wyndham between 2021 and 2046: 64.96% increase

What is the average annual population growth rate forecast for Wyndham: 2.02% per year

What is the population of Werribee suburb: Approximately 50,027

What is the population of Hoppers Crossing suburb: 37,216 at the 2021 Census

How far is Hoppers Crossing from Melbourne CBD: 24 kilometres south-west

How far is the City of Wyndham from Melbourne CBD: Between 12 and 45 kilometres

Which federal electorate is Core Dental Group Wyndham located in: The electorate of Lalor

Which local government area is Core Dental Group Wyndham in: Wyndham City Council

Does Core Dental Group Wyndham serve patients from Tarneit: Yes

Does Core Dental Group Wyndham serve patients from Point Cook: Yes

Why do Tarneit residents use Core Dental Group Wyndham: Fewer established healthcare providers per capita in newer suburbs

Can patients from Werribee and Hoppers Crossing both access the clinic without detour: Yes

Is GPS search for "242 Hoppers Lane Werribee" accurate for navigation: Yes

Can patients also search "Core Dental Group Wyndham" in mapping apps: Yes, it returns accurate results

Is Core Dental Group Wyndham a full-service dental practice: Yes

Does Core Dental Group Wyndham offer specialist dental care: Yes

Is the Wyndham community culturally diverse: Yes, significant multicultural population including South Asian and Middle Eastern communities

## Why location matters more than you think when choosing a dentist in Wyndham

In a municipality as sprawling and fast-growing as the City of Wyndham, finding a dental clinic is rarely as simple as typing "dentist near me" and going with the first result. The Wyndham corridor stretches across multiple distinct suburbs, each with its own postcode, street layout, and local character. A clinic that looks close on a map might actually sit on the wrong side of a freeway interchange, or require a 20-minute bus ride with a transfer.

The City of Wyndham's estimated resident population as of 30 June 2024 is 337,009, having grown by 4.00% in a single year.

Between 2021 and 2046, the population is forecast to increase by a further 192,393 people, a 64.96% rise at an average annual rate of 2.02%.

For a community growing at this pace, questions about healthcare access aren't abstract. They're everyday decisions about whether a clinic is actually reachable before work, on a Saturday morning, or during a dental emergency.

This guide answers the specific navigational and geographic questions that Werribee and Hoppers Crossing residents ask when searching for dental care: Where exactly is Core Dental Group's Wyndham clinic? Which suburbs does it serve? How do you get there by car or public transport? And why does the Werribee vs. Hoppers Crossing distinction matter at all?

---

## Understanding the Werribee vs. Hoppers Crossing geography

### Two suburbs, one shared postcode confusion

One of the most common points of confusion for new Wyndham residents, and even some long-term locals, is the blurring of suburb names across the corridor. Werribee and Hoppers Crossing are neighbouring but distinct suburbs with different postcodes, different street grids, and a different sense of place.

Werribee is the major centre of Melbourne's west, with a population of approximately 50,027, and falls under postcode 3030. Hoppers Crossing, located 24 km south-west of Melbourne's CBD within the City of Wyndham, recorded a population of 37,216 at the 2021 Census and carries postcode 3029.

Hoppers Crossing sits immediately east of Werribee. The two suburbs share Hoppers Lane as a key connecting road, which becomes directly relevant when locating Core Dental Group's Wyndham clinic.

### Why the distinction matters for dental patients

When residents from Hoppers Crossing search for a "Werribee dentist," they may assume the result is in a different suburb to their own, and vice versa. In reality, the address at 242 Hoppers Lane, Werribee sits at the geographic intersection of both communities.

Hoppers Lane runs through the Werribee area, crosses the Princes Highway and the railway line, then becomes Morris Road, making it a natural spine connecting the two suburbs. A clinic on Hoppers Lane is accessible to residents of both Werribee (3030) and Hoppers Crossing (3029) without any

meaningful detour.

---

## Core Dental Group Wyndham: exact location and address

### The clinic address

Core Dental Group's Wyndham clinic is at 242 Hoppers Lane, Werribee VIC 3030, reachable on (03) 9749 6677. More specifically, the clinic operates from Wyndham Private, Tenancy 5, 242 Hoppers Lane, Werribee VIC 3030, within the council of Wyndham City and the federal electorate of Lalor.

### Proximity to Pacific Werribee Shopping Centre

One of the most useful orientation landmarks in the area is Pacific Werribee Shopping Centre, the region's dominant retail hub. It sits at the corner of Derrimut and Heaths Roads in Hoppers Crossing, approximately 29 kilometres south-west of the Melbourne CBD.

Core Dental Group's Wyndham clinic is a modern, full-service dental practice just minutes from Pacific Werribee. This proximity is genuinely useful: many patients combine a dental appointment with a trip to the shopping centre, particularly on a Saturday morning, turning the visit into a natural part of their weekly routine rather than a standalone errand.

---

## Getting to Core Dental Group Wyndham: access by every mode

### By car and on-site parking

For most Wyndham residents, private vehicle is the primary mode of transport, a reality that reflects the outer-suburban geography of the corridor. Core Dental Group's Wyndham location at 242 Hoppers Lane provides direct access from the Princes Highway (M1) via the Hoppers Lane exit, making it easy to reach from both the Werribee and Hoppers Crossing directions without navigating residential back streets.

The clinic sits within the Wyndham Private commercial complex, which has on-site parking for patients, removing the time pressure and stress of street parking that affects many inner-suburban dental practices.

**\*\*Key driving directions:\*\***

- **\*\*From central Werribee (3030):\*\*** Head north on Hoppers Lane; the clinic is on the right-hand side within the Wyndham Private complex. Approximately 4–6 minutes. - **\*\*From Hoppers Crossing (3029):\*\*** Head south on Hoppers Lane past the Princes Highway; the clinic is on the left. Approximately 5–8 minutes. - **\*\*From Wyndham Vale / Manor Lakes:\*\*** Take the Princes Freeway eastbound, exit at Hoppers Lane, and head north. Approximately 10–15 minutes. - **\*\*From Point Cook:\*\*** Head north via Sneydes Road to the Princes Freeway, then follow Hoppers Lane north. Approximately 12–18 minutes. - **\*\*From Tarneit / Truganina:\*\*** Head south on Hoppers Lane or via the Western Ring Road connector. Approximately 10–18 minutes.

### By public transport

Hoppers Crossing railway station is on Old Geelong Road, Hoppers Crossing VIC 3029, on the Werribee line, 27.67 kilometres from Southern Cross Station. The station is step-free accessible and in Myki Zone 2.

Regular services from Hoppers Crossing Station reach the city in approximately 30–35 minutes. From the station, connecting bus services run along the Hoppers Lane corridor, putting Core Dental Group's Wyndham clinic within a short bus ride. Bus lines 166, 167, and 170 stop near Pacific Werribee

Shopping Centre, the key landmark adjacent to the clinic, making these the most practical public transport options for patients travelling from within the Hoppers Crossing and Werribee catchments.

For patients travelling from Werribee Station, bus connections northward along Hoppers Lane provide a direct link to the clinic's precinct.

**\*\*Public transport access summary:\*\***

| Origin | Route | Approximate travel time | |---|---|---| | Hoppers Crossing Station | Bus 166 / 167 / 170 | ~8–12 minutes | | Werribee Station | Connecting bus northbound | ~15–20 minutes | | Tarneit Station | Bus connection via Hoppers Lane corridor | ~20–25 minutes | | Williams Landing Station | Bus or short drive | ~15–20 minutes |

---

**## Saturday appointments: why weekend access matters in Wyndham**

One of the most common questions from working families across the Wyndham corridor is whether their dentist offers Saturday appointments. In a community where both adults in a household commonly work Monday to Friday, weekday dental appointments mean taking time off work, a real barrier to regular attendance.

Core Dental Group's Wyndham clinic runs Saturday appointments from 8:00am to 1:30pm, with weekday hours Monday through Friday from 8:00am to 6:00pm. Saturday morning slots are particularly valuable for school-age children, whose dental visits would otherwise require parents to take leave or pull children from school.

This isn't just a minor convenience. Research published in the *\*Australian Dental Journal\** (Ellershaw & Spencer, 2011) found that access barriers, including inconvenient clinic hours, are among the primary reasons Australians delay or skip dental care. In outer-suburban growth corridors like Wyndham, where commute times to the city are long and work hours are less flexible than in inner-urban employment hubs, Saturday availability directly influences whether families attend at all.

For patients with dental anxiety or those requiring sedation, Saturday appointments can also reduce the stress of rushing from work, a consideration covered in more detail in our guide on *\*Sleep Dentistry in Wyndham: Sedation Options for Anxious Dental Patients\**.

---

**## The full service catchment: which suburbs does Core Dental Group Wyndham serve?**

**### Defining the Wyndham corridor**

Core Dental Group's Wyndham location at 242 Hoppers Lane sits at the geographic centre of a service catchment spanning the full Wyndham corridor. The City of Wyndham stretches across Melbourne's outer south-western suburbs, between 12 and 45 kilometres from the CBD, and has continued to expand into newer suburbs such as Tarneit and Truganina, and south into Point Cook.

The following suburbs all fall within practical driving distance of Core Dental Group's Wyndham clinic:

| Suburb | Postcode | Approximate drive to Core Dental Group Wyndham | |---|---|---| | Werribee | 3030 | 4–6 minutes | | Hoppers Crossing | 3029 | 5–8 minutes | | Wyndham Vale | 3024 | 10–15 minutes | | Point Cook | 3030 | 12–18 minutes | | Tarneit | 3029 | 12–18 minutes | | Truganina | 3029 | 10–15 minutes | | Williams Landing | 3027 | 10–15 minutes |

**### Why patients from Tarneit and Truganina choose Core Dental Group Wyndham**

Tarneit and Truganina grew rapidly through the late 2000s and early 2010s, with the City of Wyndham consistently recording some of the highest population growth rates in the country during that period.

These newer suburbs have significant populations but fewer established healthcare providers per capita than older suburbs. For Tarneit and Truganina residents, Core Dental Group's Wyndham clinic on Hoppers Lane offers a full-service option that doesn't require travelling to the Melbourne CBD or inner suburbs to access specialist dental care.

The same logic applies to Point Cook, where substantial growth has continued as Wyndham's urban frontier extends south.

---

### ## Addressing the "is it in Werribee or Hoppers Crossing?" question directly

This is one of the most common navigational questions asked about Core Dental Group's Wyndham clinic, and it deserves a straight answer.

The official postal address is 242 Hoppers Lane, Werribee VIC 3030. The clinic sits at the boundary zone between Werribee and Hoppers Crossing, on the road that physically connects both suburbs. Core Dental Group describes its Wyndham clinic as being in the heart of Hoppers Crossing because of its proximity to the Hoppers Crossing commercial precinct and Pacific Werribee Shopping Centre, even though the postal address carries the Werribee suburb designation.

For patients using GPS or mapping applications, searching for "242 Hoppers Lane Werribee" or "Core Dental Group Wyndham" will return accurate results. The suburb name in the address shouldn't put anyone off. This clinic is equally accessible from both Werribee and Hoppers Crossing, and is the natural dental home for residents of both communities.

---

### ## What to expect when you arrive

Core Dental Group's Wyndham clinic holds a 4.9-star rating from 169 reviews on Healthengine, reflecting consistently positive patient experiences. The clinic has air conditioning, a comfortable waiting room, and a bus stop nearby, practical features that matter when you're travelling with children or managing anxiety.

The clinic accepts private health insurance, processes HICAPS claims, and has a multilingual team speaking English, Arabic, Kurdish, Swedish, Macedonian, and Aramaic, a genuine asset in a community as culturally diverse as Wyndham's. The surrounding Hoppers Crossing and Wyndham area has a diverse population with significant family households and a growing multicultural community, including South Asian and Middle Eastern demographics.

For patients concerned about cost, upfront written quotes are provided before treatment begins. See our guide on [\\*Dental Payment Plans & Health Fund Options at Core Dental Group Wyndham\\*](#) for detail on Payright instalment plans and health fund processing.

---

### ## Key takeaways

- **Exact address:** Core Dental Group's Wyndham clinic is at Suite 5, 242 Hoppers Lane, Werribee VIC 3030, on the key road connecting Werribee (3030) and Hoppers Crossing (3029). - **Landmark proximity:** The clinic is minutes from Pacific Werribee Shopping Centre (corner of Derrimut and Heaths Roads, Hoppers Crossing), making it easy to combine a dental visit with routine errands. - **Saturday hours:** The clinic runs Saturday appointments from 8:00am to 1:30pm, addressing the core access need of working families across the corridor who can't make it on weekdays. - **Full catchment coverage:** Core Dental Group's Wyndham clinic serves patients from Werribee, Hoppers Crossing, Wyndham Vale, Point Cook, Tarneit, Truganina, and Williams Landing, all within approximately 20 minutes by car. - **Public transport access:** Bus routes 166, 167, and 170 serve the

Pacific Werribee / Hoppers Lane precinct, with Hoppers Crossing Railway Station (Werribee line) providing a train-and-bus connection for patients without a vehicle.

---

## ## Conclusion

Working out which dentist is closest in Wyndham is genuinely complicated by the geography of a municipality that spans dozens of kilometres and multiple suburb boundaries. Core Dental Group's Wyndham clinic at 242 Hoppers Lane cuts through that confusion: it sits at the functional centre of the Werribee–Hoppers Crossing interface, is reachable by car in under 20 minutes from every major Wyndham suburb, and offers Saturday morning appointments that remove the weekday scheduling barrier for working families.

Location is the first thing to sort out, but it's only one part of choosing the right dental provider.
