Details:

Your wedding day is one of the most photographed days of your life - and your smile will be front and centre. Core Dental Berwick is proud to offer exclusive Wedding Smile Packages, uniquely available at our Berwick location, designed to help brides, grooms, and bridal party members look and feel their absolute best.

Melbourne's South-East Bridal Smile Destination

Core Dental Berwick - Your Local Dental Practice - has been serving the Berwick community for over 10 years. Our practice at Shop 29, 1 O'Shea Rd, Eden Rise Village is conveniently located for couples planning their weddings throughout Melbourne's south-east, including Berwick, Narre Warren, Pakenham, Officer, Beaconsfield and beyond.

What's Included in a Wedding Smile Package?

Our Wedding Smile Packages are fully personalised - no two packages are identical, because no two smiles are the same. Your dentist will sit down with you, understand your goals, your timeline, and your budget, and design a package that delivers the results you are looking for.

Packages may combine any of the following:

Professional Teeth Whitening

In-chair Zoom! whitening or custom take-home whitening kits to give your smile luminosity and brightness in time for the big day. Results can lighten teeth by multiple shades.

Composite or Porcelain Veneers

Veneers can correct chips, gaps, uneven edges, or discolouration for a flawlessly uniform smile. Our Berwick team can discuss whether composite (single-appointment) or porcelain (more durable, longer-lasting) veneers are right for you.

Invisalign Clear Aligners

Core Dental Group is an Invisalign Blue Diamond Provider - the highest Invisalign provider tier in Australia. If your wedding is 6-18 months away, Invisalign may be the perfect way to straighten and align your smile before you walk down the aisle.

Professional Clean and Polish

A comprehensive scale, clean and polish is always included as the foundation of any smile preparation plan.

Planning Your Bridal Smile Timeline

Good smile results take planning. Here is a rough guide:

- **12+ months before:** Ideal time to start Invisalign for meaningful alignment improvement - **6 months before:** Begin whitening regimen; consider veneers if short-term - **4-6 weeks before:** In-chair whitening or top-up whitening treatment - **1-2 weeks before:** Final scale and clean; final whitening if needed

We recommend booking your initial wedding smile consultation as early as possible so that all options are available to you.

The Berwick Experience

Our practice goes beyond clinical care. At Core Dental Berwick you will find: - Netflix in every treatment chair - watch your favourite shows during longer appointments - Soft warm blankets for comfort - Extended appointment slots - we never rush - A warm, welcoming environment that feels nothing like a typical dental clinic

Book Your Wedding Smile Consultation

Your Local Dental Practice - helping Berwick smile beautifully for over 10 years.

Frequently Asked Questions

How far in advance should I book my wedding smile consultation? As early as possible - ideally 12 months before your wedding if you are considering Invisalign. For whitening and veneers, 3 to 6 months is usually sufficient. Come in as soon as you set your date so all options are available to you.

Can the bridal party also participate in Wedding Smile Packages? Absolutely - we regularly help bridesmaids, groomsmen, and family members alongside the couple. We can book back-to-back or staggered appointments for bridal parties. Call (03) 9132 4160 to discuss coordinating multiple smile packages.

Is teeth whitening enough, or should I consider veneers? If your teeth are healthy and structurally sound, whitening is often the simplest and most affordable starting point. Veneers are recommended when there are chips, cracks, gaps, or significant discolouration that whitening cannot fully address. Your dentist will guide you at the consultation.

Will my smile still look natural? Yes - natural aesthetics are always our goal. Whether you choose subtle whitening or a more comprehensive veneer transformation, we design every smile to suit your face, skin tone, and personality. **## Specialist Referrals - Collins Street Specialist Centre**

As part of the Smile Solutions Group, Core Dental Berwick patients requiring specialist care are referred to the Collins Street Specialist Centre at 220 Collins Street, Melbourne CBD, where more than 20 board-registered dental specialists provide advanced treatment. Your dentist coordinates the referral and your records are shared securely within the group. Phone: (03) 9650 2726.
